

All-in-One Network Appliance Solution

Background

**Rapid
Network
Transmission**

**Rich Open-
Source SW**

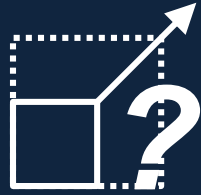

**High Inquiry
of Hardware
Capability**

What's the Challenge?

**Multi-device
Performance
Overkill**

**Scalability
Concerns**

**Heavy Device
Expenses**

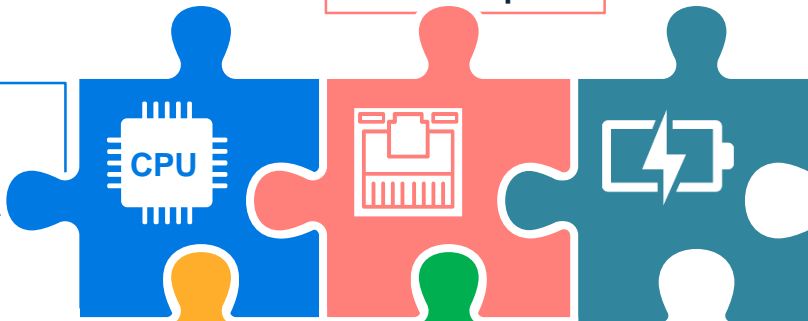

**Hard Device
Upgrade**

**Compatibility
Headaches**

High-Speed, High-Quality, High-Expansion

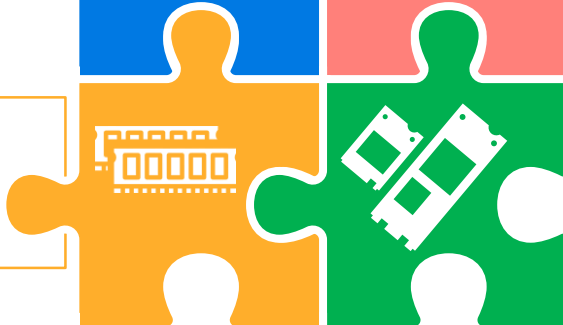

Intel® Core™
i3-8100T
processor

Eight 1 Gb/s
RJ-45 LAN ports

Redundant
power with
RoHS certified

DDR4 slots
support up
to 32 GB of
RAM

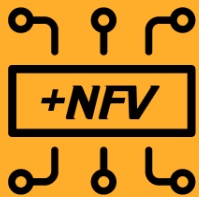

Two Smart NIC -
PuLM Module
Slots

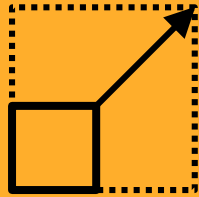

PUZZLE-IN001

IEI Resolves the Dilemma

Optimal NFV

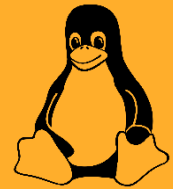

Straightforward
Scalability

Cost
Efficiency

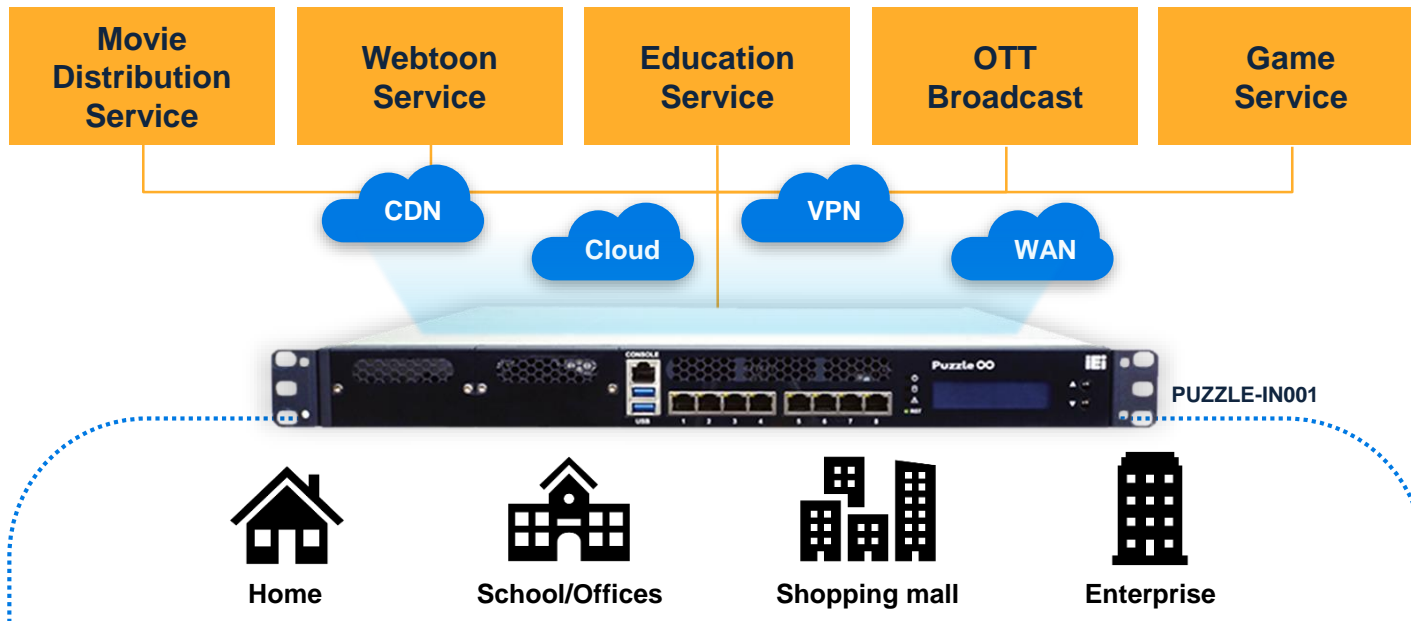

Easy Upgrade
Onsite

Linux-tested
Software
Compatibility
