

**iEi**® Case Study

**All in one power  
cutting technology**

**AFOKAR-08A-RK39**

## ►► Overview

Ambulance plays an important role in life-saving missions. What we need is a powerful, easy-to-use device for frontline medical workers to use in each emergency. In this case study, our customer chose IEI's AFOKAR-08A-RK39 as the panel PC in ambulance.

# ►► Problems of installing panel PC in ambulance?

Poor light condition,  
hard to read

Cramped and  
hard to install

Hard to develop
